KEY FEATURES

- 2 MP (1920×1080) at 25 fps
- Dual illumination: 25 m infrared and 20 m white light
- Smart detection of people, line crossing and intrusion
- Wide 97° view with a 2.8 mm lens
- Built-in microphone
- PoE powered, IP66 plastic housing

SPECIFICATIONS

Image

Sensor	1/3" CMOS
Resolution	2 MP (1920×1080) @ 25 fps
Compression	H.265, H.264, dual stream
Lens	2.8 mm (fixed)
Field of view	97° horizontal, 53° vertical, 115° diagonal
Image enhancement	BLC, HLC, DWDR, 3DNR, Defog

Lighting & night vision

Sensitivity	Color 0.008 lux @ F1.6 (AGC ON) · B/W 0 lux with IR
Infrared (IR)	up to 25 m
White light	up to 20 m
Night mode	Black & white with IR; on motion or intrusion the white light turns on for color video

Smart functions

Detection	Smart motion detection with human detection, area intrusion, line crossing, region entry/exit
-----------	---

Network & recording

Protocols	TCP/IP, HTTP, HTTPS, DHCP, DNS, DDNS, RTP/RTSP, SMTP, NTP
Compatibility	ONVIF
Recording	NVR, CMS software
App	EOS Vision
Viewing	PC, Android, iPhone, iPad
Web server	Built-in (view in a browser)
Multiple users	Simultaneous connections

Audio

Audio	Built-in microphone
-------	---------------------

Power & construction

Power	PoE (IEEE 802.3af)
Power consumption	3.05 W
Protection	IP66
Housing	Plastic
Dimensions	Ø99 × 86.9 mm
Weight	263 g
Color	White
Operating temperature	-35 to +55 °C
