

POWER & UPS

EOS UPS 800VA/480W

800 VA / 480 W UPS with AVR · Code 6253019

Protect recorders, cameras and network gear from voltage swings and power cuts. AVR smooths out the mains voltage and the LEDs always show you the status.

AVR

Battery

800 VA

480 W power

15 min

backup time

140–300 VAC

input range

< 40 dB

noise

KEY FEATURES

- 800 VA / 480 W output power
- AVR smooths out mains voltage fluctuations
- 140–300 VAC input voltage range
- Up to 15 minutes backup time
- LED indicators: AC mode, Battery mode, Fault
- 2 universal outlets

SPECIFICATIONS

Power & voltage

Power	800 VA / 480 W
Input voltage	230 VAC
Input voltage range	140–300 VAC
Output voltage	230 VAC
Frequency	50/60 Hz
Waveform (battery mode)	Modified sine wave
Voltage regulation	AVR
Outlets	2× universal

Battery

Internal battery	1× 12 V / 7 Ah
Backup time	15 min
Recharge time	10 h to 90%

Indicators & build

LED indicators	AC mode, Battery mode, Fault
Noise level	< 40 dB
Dimensions	306 × 86 × 140 mm
Net weight	5.5 kg
